September 16, 2008

The Occupation Level Metadata file of the O*NET database was revised.

File Names	Required Action
Occupation Level Metadata.txt	<p>Revise the “N” metadata for the following items: “Data Collection Mode,” “How Long at Current Job,” “Industry Division,” and “NAICS Sector.”</p> <p>For consistency with other areas of the O*NET database, the “N” values for these items are now reported by Item instead of by Response. Developers are encouraged to use the “Percent” column for measuring the endorsement of responses within an item.</p> <p>A total of 14,364 rows are affected. This revision includes the “N” column only, all other values are unchanged.</p>
